'EGGS'

A wife was making a breakfast of fried eggs for her husband. Suddenly, her husband burst into the kitchen. 'Careful,' he said, 'CAREFUL! Put in some more butter! Oh my gosh! You're cooking too many at once. TOO MANY! Turn them! TURN THEM NOW! We need more butter. Oh my gosh! WHERE are we going to get MORE BUTTER? They're going to STICK! Careful. CAREFUL! I said be CAREFUL! You NEVER listen to me when you're cooking! Never! Turn them! Hurry up! Are you CRAZY? Have you LOST your mind? Don't forget to salt them. You know you always forget to salt them. Use the salt. USE THE SALT! THE SALT!' The wife stared at him. 'What in the world is wrong with you? You think I don't know how to fry a couple of eggs?' The husband calmly replied, 'I just wanted to show you what it feels like when I'm driving.'

'WINDOWS'

Last year, I replaced all the windows in my house with those expensive double pane energy efficient kind. But this week, I got a call from the contractor complaining that his work had been completed a whole year and I had yet to pay for them. Boy, oh boy, did we go around! Just because I'm blonde doesn't mean that I am automatically stupid. So, I proceeded to tell him just what his fast-talking sales guy had told me last year. He said that in one year, the windows would pay for themselves. There was silence on the other end of the line, so I just hung up, and he hasn't called back. Guess he was embarrassed.
